# WHY ALVIT ?

## Soft Close Cover and Hinges

Doors and drawers close slowly and silently due to the new generation hinges used in our products.

## Strong Adhesion

Polyurethane glue is used for a permanent and strong bond

## E1 Certificate

Our products are produced with raw materials that do not contain carcinogenic substances and have E1 certificate

## IP44 Protect Class

The lighting used in our products supports the IP44 protection class

## Modularity

All of our products are produced with modular systems.

## Non-darkening Mirrors

Anti-tarnish mirrors are used in our products.

## Led Light

We are using Led light technology for our furnitures

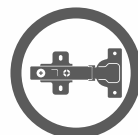

## Fully Opening Doors and Drawers

Fully opening rails and hinges with wide opening angle provide high movement and assembly comfort thanks to their superior adjustment features.

## Eco-friendly Products

Ecological mirrors produced with nature-friendly raw materials

## High Quality Rail and Hinge System

High quality hinges are used in European and World standards.

## Lacquer

More stylish furniture with superior lacquer application, more resistant to moisture and heat.

## IP67 Protection Class

Lighting supporting IP67 protection class

## 2 Years Warranty

Our products are guaranteed for 2 years
